Summary

Another Portal Man... This time, broken down into 3 pieces so you can easily print in 3 different colors. The pieces are designed to fit tightly together, so a friction fit should be good enough to keep them assembled.

There is a hole in the back of each 'Man' piece so that you can easily hang the plaques on a wall, etc.

Print Settings

- Printer brand:
  SeeMeCNC
- Printer:
  Rostock MAX v3
- Rafts:
  No
- Supports:
  No
- Resolution:
  .2
- Infill:
  20%
- Notes:
  Print with the 'Frame' upside-down (so that the groove for the 'FrameInsert' is facing up). I also oriented the 'Man' parts so that the side most visible was also printed on the bed so they have the best finish possible.
